

Maxi Wash®

Solver Maxi Wash comes clean!

Maxi Wash is Solver Ultra Premium technology at its best. Comprising a range of highly washable, stain and burnish resistant finishes, Maxi Wash helps to retain that “just painted” look for longer.

Offering an extensive range of colours, Solver Maxi Wash is easy to apply with absolute minimal spatter and maximum coverage. Maxi Wash is available in Flat, Low Sheen, Mid Sheen and Semi Gloss, so there’s a finish to suit every application.

Washable Flat Formulated to mask imperfections in plasterboard joints whilst providing a washable flat finish with superior burnish and stain resistance. Suitable for use on walls in commercial buildings and homes including areas such as bedrooms, lounge rooms and dining areas.

Low Sheen Formulated for easy application, high covering power and minimal spatter, Solver Maxi Wash Low Sheen dries to a smooth low sheen finish which provides excellent washability and stain resistance. Suitable for use on walls in commercial buildings and homes including areas such as rumpus rooms, dining areas and family rooms.

Mid Sheen Dries to a attractive mid sheen finish to provide superior washability, stain and burnish resistance. Suitable for use on walls in commercial buildings and homes including areas such as children’s rooms, rumpus rooms, and family rooms.

Semi Gloss An attractive, highly durable coating which dries to a scrubbable, stain resistant finish making it the ideal choice for kitchens, bathrooms and laundries.
